FIRST CLASS HOTEL ACCOMMODATIONS
and reconstructed the Baths and employs competent attendants.

Tickets for sale at W. L. Trimble & Co.'s stable at Albuquerque, and agent at Thornton.

OJO CALIENTE

(HOT SPRINGS)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 105° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,000,000 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures effected in the following diseases:—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis, and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:00 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. For further particulars address—

FINDINGS.

HOBOS WRECK TRAIN

Three Switches Turned to Make the Hellish Work Complete—One Was Sufficient.

THE LOCOMOTIVE EXPLODED

Three Men Killed and Eight Injured, the Brakeman Being Torn in Two—Both Engine Men Found Dead Under the Tender.

Syracuse, N. Y., Sept. 1.—A special to the New York Herald from Fulton says: Train No. 5 on the New York, Ontario & Western railroad, known as the "Chicago Limited," was wrecked at Ingalls crossing, four miles south of this village, at 5 o'clock this morning. The wreck was doubtless due to the dastardly work of tramps who threw open the switch at which the train was wrecked, as well as two switches to the north of the wreck.

The train was an hour late and running nearly 60 miles an hour when it struck the switch, and was thrown over to the side track. The speed made it impossible to make the safety rail. The engine was thrown 20 feet and exploding, was blown to pieces. The tender was inverted, the trucks of the baggage car were torn off and a coach telescoped the baggage car. The vestibule chair car and sleeper were derailed, but neither were badly damaged. Engineer Dowd and Fireman Hall both jumped and were found under the wreckage of the tender by passengers from the sleeper. The body of Brakeman Osborn was torn in two. The dead are: Engineer B. C. Dowd, Oswego; Fireman Wm. Hall, Norwich; and Brakeman A. L. Osborn, Walton.

The injured are: Baggageman Charles Desmond, New York, three ribs broken; David Mills, Oswego, face and legs bruised and scalp wound; John Golden, Oswego, burned about both wrists; C. A. Patton, Oneonta, hip sprained; Peter J. Hawkinson, Swede, Wellesley, Mass., scalp wound; C. A. Johnson, Swede, Wellesley, Mass., scalp wound; Gustave Magnuson, Boston, injured about the head; Carl Svenson, Boston, injured internally.

No More Cuba for Them.

Coruna, Spain, Sept. 1.—The Spanish transport Isle de Panay, which left Santiago de Cuba about August 10, arrived here today with a detachment of surrendered Spanish troops on board. There were 17 deaths during the voyage.

GETTING A MOVE ON THEM.

Regiments Moving from Camp Thomas—General Health of the Troops Improving.

Chickamauga, Chattanooga National Military Park, Tenn., Sept. 1.—The 3rd corps' headquarters, division headquarters, division hospitals and ambulance corps leave Camp Thomas tomorrow for Aniston, Ala. Regiments of the first division of the corps will also begin moving tomorrow. It will be impossible to get all the regiments of the corps out this week, but they will be handled as rapidly as possible, and probably all will be gone by Tuesday or Wednesday of next week.

So materially have conditions in the hospitals improved during the last few days, that now there is little complaint. The number of patients is decreasing rapidly, and there are but few deaths.

MORE MUSTERING OUT.

Eleven Regiments of Volunteer Infantry Ordered to Their Various States for Release from Government Service.

Washington, Sept. 1.—The War department issued orders today, for transportation of troops as follows for mustering out at their various destinations: First Wisconsin, to Camp Douglas, Wis.; 6th Ohio, Columbus; 1st U. S. volunteer cavalry, "Rough Riders," at Montauk Point; 33rd and 34th Michigan, Camp Eaton, Island Lake, Mich.; 1st Connecticut, Niantic, Conn.; 1st Illinois Infantry, Chicago; 1st Iowa, Des Moines; 1st Virginia, Richmond; 1st and 2nd Mississippi, to Lauderdale Springs.

MARKET REPORT.

New York, Sept. 1.—Money on call nominally at 2½ per cent. Prime mercantile paper, 3½ @ 4½. Silver, 60; lead, \$3.90; copper, 11.

Chicago.—Wheat, Sept., 64½ @ 64¾; Dec., 62½ @ 62¾. Corn, Sept., 30½; Dec., 31 @ 31½. Oats, Sept., 20; Dec., 19½ @ 20.

Kansas City.—Cattle, receipts, 5,000; market, for best grades, steady; others, slow; native steers, \$4.00 @ \$5.35; Texas steers, \$3.10 @ \$4.25; Texas cows, \$2.25 @ \$3.15; native cows and heifers, \$1.00 @ \$4.50; stockers and feeders, \$3.25 @ \$5.00; bulls, \$2.35 @ \$4.00. Sheep, receipts, 24,000; market, for best grades, steady; others, slow; native, \$3.50 @ \$4.50; lambs, \$3.75 @ \$4.50.

Chicago.—Cattle, receipts, 10,000; market, best, steady; others, weak to lower; hoes, \$4.00 @ \$5.00; cows and heifers, \$2.00 @ \$4.50; Texas steers, \$3.25 @ \$4.00; westerns, \$3.00 @ \$4.00; stockers and feeders, \$3.10 @ \$4.50. Sheep, receipts, 12,000; best grades, weak to 10 cents lower; natives, \$2.80 @ \$4.00; westerns, \$3.50 @ \$4.50; lambs, \$3.75 @ \$4.00.

Sailed for Home.

Washington, Sept. 1.—The War department is advised that General Miles departed for this country from Ponce today, on the transport Auckland.

He Can Now Be Interviewed.

New York, Sept. 1.—The transport Mexico with General Shafter and staff on board, arrived at Montauk Point today.

HE TOOK THE HINT.

Noted French Prisoner Acts on Supposed Advice from Superior Officers, and Hari-Karis.

Paris, Sept. 1.—It is now insinuated that the suicide of Lieutenant Colonel Henry, chief of the intelligence bureau in the French ministry for war, was connived at by the French army authorities. In any case, the suicide occurred shortly after the prisoner had received a visit from an officer of the general staff, who on leaving, ordered the sentry on duty before Colonel Henry's place of confinement, not to disturb the prisoner, as he had a lot of work to do. It is recalled that a similar opportunity to commit suicide was afforded Dreyfus, who, however, declined to profit by it.

It is generally believed that the rest of the general staff of the French army will follow the example of General Bois-deffre, chief of staff and General Goussier, and tender their resignations.

It appears that the minister for war, M. Cailhau, is convinced that Colonel Henry had accomplished in the forgery of the incriminating document, and there is a persistent report that Colonel Paty duClam will be arrested. In this connection it is reported that the minister of justice, M. Serrien, has already taken steps to grant Dreyfus a re-trial.

Cecil Rhodes Gets a Lift.

Cape Town, Sept. 1.—Cecil Rhodes, the former premier of Cape Colony, has been elected to represent Barley West in the Cape parliament.

Congressional Nomination.

St. Joseph, Mo., Sept. 1.—State Senator Arthur W. Brewster, of this city, was nominated for congress by the Republican convention at Rockport today.

A Quiet Strike.

St. Louis, Sept. 1.—A special to the Post Dispatch from Galveston, Texas, says everything is quiet there. The Houston Light Guards arrived today and were placed on guard with a gatling gun near the Mallory line warehouses. A crowd gathered, but it was quickly dispersed without much trouble. The unloading of the steamer Colorado is progressing quietly. Outside men are employed in work.

DROWNED IN THE STORM.

Reported That Lieutenant Morgan and Six Soldiers Lost Their Lives Trying to Rescue Shipwrecked Crew—Jamp Property Destroyed.

Savannah, Ga., Sept. 1.—Second mate, Garibaldi, of the Italian bark Noe, drowned here during the storm. He was trying to reach the shore from a boat, but was blown from the life line. A train was delayed by washouts and travel cannot be resumed until tomorrow.

Nearly all the tents and clothing of the garrison at Tybee were blown into the ocean.

All the records were lost and considerable confusion will result when pay day comes, or muster out is ordered. The damage to property in and around Savannah is estimated at \$200,000.

Brave Men Missing.

It is just reported that Lieutenant Morgan, of the United States engineer corps, was drowned off Tybee in the storm yesterday, with six regular soldiers. They went out in a yawl to rescue the crew of the Italian bark. The yawl capsized and Morgan and the men were drowned.

Miss Winnie Davis Dying.

Atlanta, Ga., Sept. 1.—A telegram received in this city today, from Narragansett Pier, R. I., stated that Miss Winnie-Davis, recently operated on for appendicitis, was dying.

Bids on New Battleships.

Washington, Sept. 1.—Four firms have offered bids for the three new battleships authorized by the last congress. The lowest bid each for any type, one vessel, was as follows: Newport News Ship Building company, Newport News, Va., \$2,580,000; Cramp, Philadelphia, \$2,650,000; Union Iron Works, San Francisco, \$2,674,000; Dialogue & Co., \$2,840,000. Many details of construction will figure in the awards.

MINING AND STOCK.

The Cochiti Gold Mining Company has paid \$400,000 for the Albemarle group. It is claimed that more extensive work is being done on the Albemarle than on any other mine in New Mexico.

The total output of the Hillsboro gold mines for the week ending Thursday last, totals at 205 tons, the largest producer being the Snake group, which yielded 55 tons. The total output since January 1, has been 5,135 tons.

Eleven Mexicans dry washing at the Hillsboro gold placers, have just cleaned up \$800 worth of gold dust and nuggets which they sold to local firms.

Mrs. Henrietta Billings, of Cincinnati, owner of valuable mining properties at Kelly, has returned east after an examination of her properties.

Some people imagine there is no gold in New Mexico, and yet J. W. Williams is taking out \$16,000 this season from his Grub Flat placer near Elizabethtown with only two men. It is claimed, that had sufficient water been available, Williams could have taken out \$100,000 just as well as not.

Stock Notes.

Charles Chadwick has bought 12,000 lambs in the vicinity of Grant station, in Valencia county, at \$2 per head, and will buy more at points further west.

Large bunches of stock are being shipped from Magdalena. The smaller ranchmen are increasing their herds, so that the number of cattle is being kept up.

James Baird, of Las Cruces, has bought for Joe Nations, of El Paso, 100 head of selected cattle from a ranch near Lake valley, for \$2,500.

Five hundred head of cattle were recently shipped from Silver City to Colorado points.

There are daily complaints of the amount of cattle rustling going on in Taos and Mora counties.

IRRIGATORS MEET

It Opened Today at Cheyenne, Wyoming, With a Very Large Attendance.

THE ADDRESS OF WELCOME

J. M. Carey, of Wyoming, Made President, Frost, of Minnesota, Secretary—Other Officers Chosen and Important Papers Read.

Cheyenne, Sept. 1.—Delegates to the national irrigation congress continue to come in, but the bulk of them will arrive this afternoon and tonight. Indications all point to a very successful meeting. It was learned this morning that a bad washout on the Southern Pacific would delay the arrival of the California, New Mexico and other delegations from the southwest at least one and perhaps two days. Nevertheless the congress was called to order by President J. M. Carey at the hour scheduled. An entertaining address of welcome was given by Governor Richards, who briefly reviewed the agricultural history of the state and outlined the work which the congress might take up with special interest to Wyoming. Responses to the governor's address were made by Messrs. Logan, Arizona; Professor Churchill and Judge Emory, Kansas; Allen and Dougherty, Nebraska; Dr. Young, Utah, and Field, Colorado. Committees on permanent organization and credentials were appointed, one from each state represented. An encouraging feature of the congress was found in the re-election of all the officers as follows: President, J. M. Carey, Wyoming; secretary, Frost, Minnesota; assistant secretary, McCutcheon, and reading clerk, Maxson, Nebraska. A number of important papers were read this afternoon, including an address by the president.

At Private Sale.

For one week, from 2 o'clock every afternoon, 1 offer at private sale and for cash all my household effects and furniture, also a square piano of excellent quality, bicycle, side-saddle, office desks, kodak, photographic supplies, etc.

Mrs. G. D. Kocin.

Fresh vaccine points and tubes just received at Fischer's.

Fish and Game Warden Appointed. Governor Otero has appointed Samuel Piper, of Raton, a fish and game warden for Coñax county, to fill the vacancy caused by the resignation of William M. Robinson.

Land Office Business.

For the week ending Tuesday, August 30, the following business was transacted in the United States land office in Santa Fe:

HOMESTEAD ENTRIES.
Aug. 25—Andres Ruiz, 160 acres, San Miguel Co.
Aug. 26—Jose Brantillo Lopez, 160 acres, Mora Co.
Aug. 26—George T. Williams, 160 acres, Santa Fe Co.
Aug. 27—Santos Ortega, 450 acres, San Miguel Co.
Aug. 27—Jesus M. Blos, 40 acres, Valencia Co.
Aug. 30—Juan Gonzales y Robal, 130.40 acres, Santa Fe Co.
Aug. 30—Jose Domingo Fresquez, 160 acres, San Miguel Co.
Aug. 30—Arvelto Quintana, 160 acres, Santa Fe Co.

FINAL CERTIFICATES ISSUED.
Aug. 25—Jose Vidal Salazar, 160 acres, Coñax Co.
In the homestead contest case of Archibald Laundrie vs. William Craig, the general land office has affirmed the decision of the local land office, cancelling Craig's entry and allowing Laundrie to enter the land. The name being the south half of the southeast quarter, and the southeast quarter of the southeast quarter of section 12; and the north-west quarter of the northeast quarter of section 13, township 17 north, range 12 east, A. B. Buchanan for Laundrie, and R. B. Williams for Craig.

FIFTY YEARS OLD

Why let your neighbors know if you are fifty years old? And why give them a chance to guess you are even five or ten years more? Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

Ayer's Hair Vigor

is a youth-renewer. It hides the age under a luxuriant growth of hair the color of youth. It never fails to restore color to gray hair. It will stop the hair from coming out also. It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair. It cleanses the scalp; removes all dandruff, and prevents its formation. We have a book on the Hair which we will gladly send you. If you do not obtain all the benefits you can from the use of Ayer's Hair Vigor, write the doctor about it. He will send you some more of the Vigor, and a general system which will keep your hair in perfect condition. Dr. J. C. Ayer, Lowell, Mass.

A CANDIDATE FROM THE SOUTH.

A Prominent Republican Gives Reasons Why Southern New Mexico Should Be Recognized.

Editor New Mexican.
Roswell, N. M., Aug. 25, 1898.—It seems to be generally conceded that this is a Republican year, and that the Republican party of this territory will be in line with the party elsewhere at the coming election. There is no reason why the policy of the national administration, on national and international questions, should not meet with the approval of the party in this territory. There will be something for a Republican delegate to do in Washington in the next two years, and there is much that he can do for the territory. On the other hand, a Democratic delegate not being in accord with a Republican congress, as the next congress will be, nor with a Republican president, there is nothing that he can really do, that will be of material benefit to the territory.

What we want in the coming campaign is a strong man as the nominee of the Republican party. In other words, we want a logical nomination to make success certain, and in making such a nomination reference may be had to locality, as well as to the individual to be nominated. Our people in this part of the territory think that the nominee of the Republican party should come from southern New Mexico. The southern part of this territory has never had a candidate on the Republican ticket, so far as the writer knows. Coñax, Rio Arriba, Taos, San Miguel, Santa Fe, Bernalillo and Valencia counties have all had their candidates for congress; while Lincoln, Socorro, Grant and Dona Ana counties have had no candidates, unless it may be said that Colonel Ryerson was a candidate some years ago from Dona Ana. In the judgment of the writer, some one of these southern counties should have the honor of furnishing the next candidate of the Republican party. Let us have a candidate from the south, and it will be worth many votes to the ticket, especially from this section of the territory; to say nothing of the fact that it would be but an act of fairness to that part of the territory, that up to date has not been honored with a candidate, so far as the writer knows. It will be remembered that no section of the territory is forging to the front as rapidly as southern New Mexico, and especially southeastern New Mexico. The population here is increasing more rapidly than elsewhere in the territory, and promises to increase more rapidly than ever in the next few years, on the account of railroad building and other enterprises under way. The rapid influx of immigration into southern New Mexico will make that section of the territory a political power. Then, why not prepare for it and give it recognition now, and put it under political obligations to respond with vigor hereafter. These suggestions are offered.

Royal makes the food pure, wholesome and delicious.

FOR SALE BY
H. B. CARTWRIGHT & BRO.

for the consideration of the party and for the party's interest, there being no purpose to force any particular candidate from southern New Mexico upon the next convention. What we want is success; and just at this particular time we believe success will be more fully assured by going into a new section of the territory for our candidate.

September Weather.

The following data for the month of September, covering a period of 24 years, have been compiled from the weather bureau records at Santa Fe, N. M.

Temperature.—Mean or normal temperature, 61 degrees; the warmest month was that of 1892, with an average of 63 degrees; the coldest month was that of 1880, with an average of 57 degrees; the highest temperature was 90 degrees on 1879; the lowest temperature was 27 degrees on 1880.

Precipitation (rain or melted snow).—Average for the month, 1.33 inches; average number of days with .01 of an inch or more, 7; the greatest monthly precipitation was 4.69 inches in 1891; the least monthly precipitation was a trace in 1892; the greatest amount of precipitation recorded in any 24 consecutive hours was 1.70 inches on the 27th and 28th, 1893.

Clouds and Weather.—Average number of clear days, 16; partly cloudy days, 3; cloudy days 11.

Wind.—The prevailing winds have been from the southeast; the highest velocity of wind was 46 miles from the north on September 13, 1893.

"Green Chili Con Carne." You can get a fine dish of green chili at the Bon Ton.
